

## Mini Hydraulic Sausage Filler

**Model: WF12**

WF12 is the smallest one among the hydraulic sausage fillers. As a result, it is characterized by its exquisite design, compact structure and refined manufacture. With handsome appearance, it is especially suitable in guesthouses, hotels, supermarkets, some factories and research and development. It has a step-less speed change device and an automatic pressure release system.

WF-12 hydraulic sausage filler is made of 304 stainless steel and components of high-quality. So it is very convenient to disassemble and clean, and easy to operate. It has gradually become the best choice for some clients.

### Advantages:

- ◆ All kinds of casings are permitted.
- ◆ The speed of filling is changed step less, and it has auto-unload system.
- ◆ The machine chooses high grade stainless steel and Swiss well-known brand hydraulic driving units.
- ◆ It's convenient to dis-assembly and cleaning.
- ◆ Its excellent appearance is suitable for hotel, restaurant, supermarket and small lot sausage producer.

### Parameter:

<b>Net weight:</b>	150KG
<b>Volume:</b>	12L
<b>Power:</b>	1.1KW
<b>Pressure of system:</b>	10Mpa
<b>Length*Width*Height:</b>	530mm* 380mm * 1170mm
<b>Productivity:</b>	150KG/H
